

It all adds up for Sam

By **BEN TURNER**

THE SUMS have all added up for one wannabe maths professor after he got 15 top GCSE results.

The extraordinary efforts of 16-year-old Sam Povall came as students across Merseyside secured a record amount of top grades.

The Wavertree teenager was among students at Childwall Sports College who took up the school's offer to do extra exam preparation during half term holidays, weekends and before and after school.

And it has paid off with the teenager chalking up seven A*s, four As and four Bs.

It means he is now a step closer to his dream of becoming a maths professor.

Sam said: "I think it is down to pure hard work and doing the extra activities the school offered such as doing maths at dinner time."

Hard work pays off for GCSE student

*Well done to
all Year 11
students!*
