

New kids on the block

getting a taste for retail

This week the branch welcomes another two work experience students, Clare Gore and Cameron Dorrian, who both join us from Childwall Sports College.

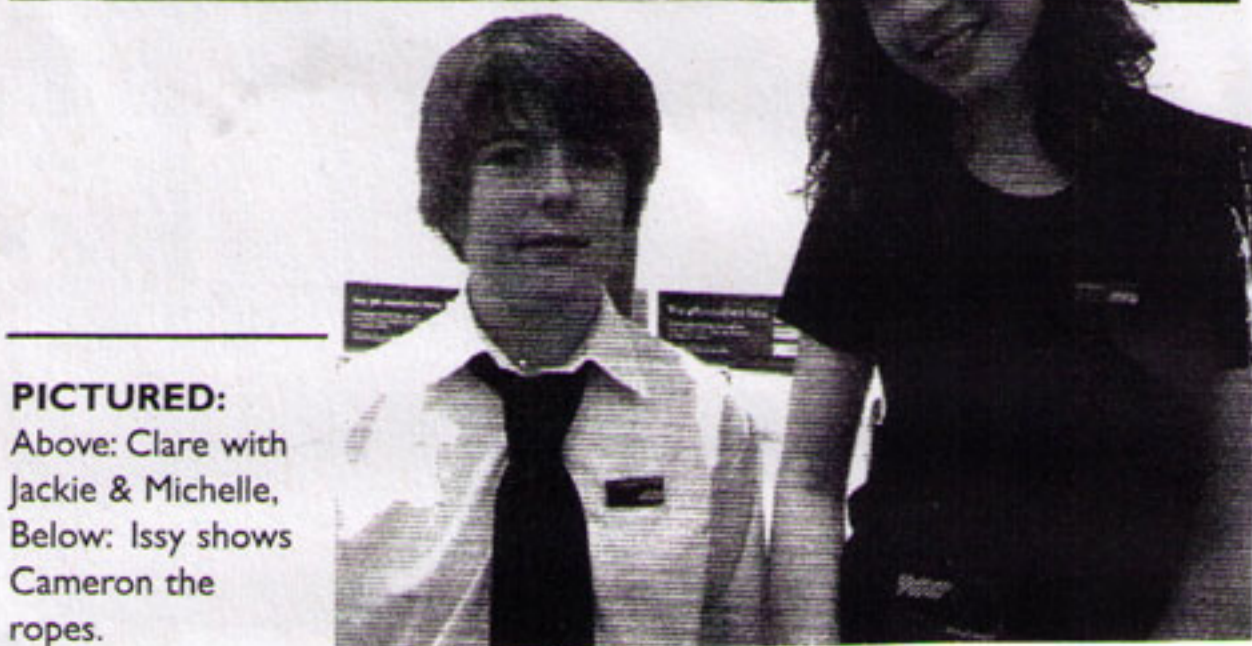

Isabelle Roger, Menswear, was in charge of showing Cameron the ropes at the beginning of the week, talking him through Clearance preparations and keeping him busy behind the scenes in our shoe stockrooms. "I've been getting to grips with ticketing," he smiled. "It's been really interesting."

Jackie Grant and Michelle Clarke took Clare under their wing, having prepared a jam

packed schedule so that she could get the most out of her stint on Beauty.

"We have an interesting timetable so that Clare gets the chance to experience the department right across the board," explained Jackie.

After a few lessons in make up from our Benefit and Bobbi Brown consultants, Clare will move onto fragrance with Jackie, before joining Michelle on self selection. This will prove to be a busy week, as in her spare time Clare sings with the Liverpool Signing Choir and is performing concerts at both Wembley and the Liverpool Echo Arena.
